

⚠ WARNING - SHOCK HAZARD

To avoid the risk of electric shock locate and remove fuse or lock circuit breaker in the OFF position before proceeding. Wiring with power ON could result in serious injury or death. Use only on 120 VAC, 60 Hz circuits

1. Turn power OFF at fuse box or circuit breaker

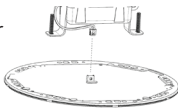

2. Attach house wiring AC lines to led driver AC input wires using UL approved wire nuts

3. Install led driver into junction box

4. Attached DC driver connector to Lamp connector

5. Install lamp to ceiling with drywall screws

6. Snap bezel onto lamp
